

# Efficient Year-End Processes Simplified with Corient's Expert Support

The Techno Centre, Puma Way, Coventry, CV1 2TT, United Kingdom

# Introduction

Year-end financial processes can significantly challenge many accounting teams, especially when balancing tight deadlines, compliance standards, and limited resources. A mid-sized UK accounting firm faced these challenges and partnered with Corient to streamline its year-end tasks and ensure a smooth, stress-free process. This case study outlines the challenges faced, the solutions provided by Corient, and the positive outcomes.

# The Problem?

- Last-minute reconciliations and adjustments are needed to finalise financial statements.
- Limited resources and tight deadlines to prepare compliant year-end reports.
- Increased stress due to overlapping month-end and year-end tasks.
- Pressure to ensure financial accuracy, especially for UK GAAP, FRS, and statutory compliance.

# **Corient Solution**

#### **Early Preparation & Planning**

- Proactive data gathering to prevent lastminute gaps in information.
- Created detailed checklists for each task, including reconciliations, accruals, and provisions.
- Customised timeline with milestones tailored to the client's needs for smoother execution.

#### **Accurate Bookkeeping Review**

 Analysed aged receivables and payables to address overdue balances and payment issues.

# The best accountants are the architects of financial legacies.

### **Result Achieved**

- Reduced Stress & Workload: The client's accounting team could focus on strategic, highvalue tasks rather than last-minute reconciliations.
- Improved Accuracy & Compliance: Financial statements adhered strictly to UK GAAP, FRS, and statutory standards.
- **Timely Completion:** Completed the year-end well before deadlines, avoiding the typical last-minute rush.
- Enhanced Financial Insights: Provided comprehensive reports, enabling informed strategic decisions for the upcoming year.

# Conclusion

Partnering with Corient transformed the year-end process for this mid-sized UK accounting firm. By providing structured, proactive support, Corient eliminated the stress and last-minute rush associated with year-end accounting. With improved accuracy, compliance, and timely completion, clients could shift their focus to strategic decision-making and planning for future growth. Corient's end-to-end services ensured a smooth, efficient year-end, helping the client gain control over their financials and prepare confidently for the year ahead.

The road to success and the road to failure are almost exactly the same.
